Last week, our class was in England. Now, I'll write a feedback text.

On Tuesday, the journey started. We flew with Bristish Airways to Heathrow, where a bus was waiting. After a two hour ride our class arrived at the meeting place. There the host families picked us up. I stayed with Jana and Paulina at the same family.

In the late morning of Wednesday, we were at the language school where our class learnt about the english culture and history. In the afternoon, we had an orientation tour through Worthing but because of the bad weather we went to a bowling centre.

On Thursday, we were at school, too. After that we went to Brighton by train. We enjoyed the lovely see and tried fish and chips. Furthermore, our class visited the 'Sea Life' museum.

Friday was definitely on of the best days because this was our first London day! When we arrived, our class made a 'Hop-on, Hop-off' tour with a typical double-decker bus. We saw lots of sights like big Ben, Tower Bridge and Saint Paul's Cathedral. Later, we had time to buy souvenirs in the famous Oxford street.

On Saturday, our class spent the late morning a last time at the language school. Then, we drove by train to the 'Arundel Castle'. All of us enjoyed the beautiful garden as well as the stunning rooms.

Then Sunday arrived - our second day in London. the first stop was the London Dungeon. It was a great experience, involving a lot of fear and sweat. We had our lunch break at 'Borough Market' and after that we bought souvenirs near the Piccadilly Circus.

On Monday, we came home at 10 p.m. after a wonderful trip that I'll remember forever.
I'd definitely recommend this language trip because it was a fantastic programme and I could gain valuable insights for my life.
