My school trip to England

Last week, I went on a language trip to England with my class. I was very excited because it was my first time in England. We stayed in Worthing and visited many interesting places during our five-day trip.

On the first day, we explored Worthing. We walked around the town and got to know the area. After that, we went to a language school. There, we had lessons and learned some new English words. In the evening, we went bowling together. It was really fun, and we had a lot of laughs.

On the second day, we went to Brighton. First, we visited the Sea Life Centre. We saw many different sea animals and learned interesting things about them. After that, we went on a roller coaster over the sea. It was exciting, but also a little scary. I really enjoyed the day in Brighton.

On the third day, we went to London. We took a hop-on hop-off bus and saw many famous sights. We also went to Oxford Street, where we had some free time for shopping. London was very busy, but I really liked the atmosphere.

On the fourth day, we visited Arundel. We saw the beautiful Arundel Castle and walked through the wonderful gardens. The castle was very impressive, and the gardens were really beautiful. I especially enjoyed walking around and taking pictures.

On the fifth and last day, we went to London again. We visited the London Dungeon, which was exciting and sometimes a little frightening. At one point, I even got lost in a Tube station! Luckily, I found my way again. Finally, we went back to Worthing.

In my opinion, the language trip was an amazing experience. My favourite day was probably the second day in Brighton because of the Sea Life Centre and the roller coaster. I would definitely recommend this trip because we had a lot of fun, saw many interesting places and made great memories together.
